Which application is best?

Which applications do you use? Do you know which application is the best one to use for particular tasks? This is an important skill to develop.

Find an application on the computer which you would use for the following tasks and write its name in the space next to the task outline:

Draw a picture of a house and garden.

.....
.....

Use the computer to present a poem for a display

.....
.....

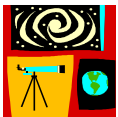

Design a poster advertising the school's open day

.....
.....

Collate information from a survey to find how which is the favourite sport of young people aged 9-16

.....
.....

Find information about how far the moon is from the earth

.....
.....

Change a photo to black and white and print it out

.....
.....

For extra points find a second application for each task!
